## **Classroom Projects**

### **Preschool**

A unique 12-month calendar created by the St. Sebastian pre-school class of 2011 will begin September 2011 through August 2012. The artists drew original themed pictures to correspond with the month in which they're displayed. The artists are acknowledged with their picture on their birthday. This calendar will also include the important school dates, including all school-sponsored functions, socials, and deadlines making it an excellent and reliable resource for the entire family all school year! Calendars are \$25 each and can be pre-ordered.

### **Kindergarten**

Because kindergarten is a time when children develop the love of reading, we have created the reading tree house bookcase.

The bookcase is painted with trees on the side. Each child made a leaf for the trees with his or her fingerprints on them. The bookcase will be filled with books and age-appropriate activities. In addition, we have created a photo book with pictures of the children out in nature telling what they want to be when they grow up. Completely priceless!

### Fairy House

Welcome to the enchanted world of Fairies. This is a dollhouse that can be used indoors or out and will make any child's imagination soar!

The accommodations for the mysterious little creatures include a bedroom and living area complete with handcrafted furniture and many other fun touches. The second graders worked hard to create amazing artwork and food for this magical house. They also created a collection of fairies that has been turned into a book for your viewing enjoyment.

## **Third Grade**

The third graders have uniquely decorated this black wrought iron cafe table and three-chair set. The tabletop is a mosaic of wood chips embellished with crosses. You need to see this item to appreciate its beauty.
