#### VOLUNTEERS NEEDED TO MAKE CALLS

We are looking for a few more volunteers to make calls to fellow parishioners. The purpose of these calls is to make that everyone is doing well and that we stay up to date on contact information for our parish community. You can take as many or as few names as you like. You may make them from home or come to the rectory office. For more information, call Cathy Sivec at (330) 836-2233 or email her at [sivecc@stsebastian.org](mailto:sivecc@stsebastian.org).

#### NOTE ON SAFETY

Before last weekend's Mass, you may have heard on the news or online about protestors who called upon other pro-abortion groups to interrupt Masses across the country on Mother's Day, in light of the leak from the Supreme Court. The leak indicated the Supreme Court's leaning toward moving the right to abortion to the state level, with protestors citing that this is happening because the Supreme Court Justices are Catholic. We received a note from

the Bishop's office that we should be aware of this in case any occurrences should come our way. St. Sebastian Parish is certainly not on a main road or otherwise in a very visible location so I was not overly concerned, but I was not unconcerned either. In any event, some decisions needed to be made.

Here is what was happening behind the scenes before our weekend Masses: Ushers and other persons at weekend Masses were given instructions about what to do should anything happen. Police officers and other dedicated people in the parish shared which Masses they would attending and where they would be sitting. We were in contact with the local FBI and were assured there were *absolutely no indications* that anything would happen in Northeast Ohio. But I wanted you to know attention and preparations were made at your parish. I made the decision not to make a big fuss about it at each Mass in order to allow St. Sebastianites to focus on what was important: worshipping God and paying honor to Moms.

That being said, perhaps this is an opportune time to share what should happen in the extremely unlikely event anybody would want to interrupt Mass for any reason in the future. The most important thing is not to engage the protestors in any way or fashion. That is exactly why they are there and it will only escalate things. The Mass will not stop and all are encouraged to continue to pray and ignore the interruption. Please know that police will be called immediately and that they have a fantastic record of responding to the parish extremely quickly whenever we have needed them for any reason. In addition, there are also plans in place to protect the Blessed Sacrament.

Remember should anything ever happen: "Blessed are those who are persecuted because of righteousness, for theirs is the kingdom of heaven. Blessed are you when people insult you, persecute you and falsely say all kinds of evil against you because of me." Matthew 5:10-12. Rather than be angry, we should rejoice that we have been found worthy to suffer for Christ. It would mean that we have a voice worthy of notice - that we have been doing what we are called to do.

**ASSISTANCE NEEDED:** On that note, it would be **fantastic if we could have a few more volunteers to be ushers at Mass**. Even if you are only able to do so sporadically, it would be very helpful. Please just speak to one of the ushers who are generally in the narthex of the church before Mass.

#### FROM THE FORGOTTEN CABINET

A number of our parishioners take off for Florida these days, but back in the early days of the parish, the destination was apparently California. There are many letters on file of parishioners writing to say that either as a result of vacationing, work assignments or other various reasons, they would be spending some amount of time out on the west coast and therefore were mailing in their contributions and wanting to explain why they were not seen at Mass. Far fewer were from Florida, although one letter dated 1948 from Mrs. Ella Botzum explains that she was requesting Masses and turning in her collection early as she expects to have to go visit her ailing sister there. Botzum is a long-standing name in the parish. You may be familiar with the Botzum Farm in the Valley where our parish had several events a number of years ago. (Is it time to do so again?) See more [HERE](#). Frs. Robert and John Hilkert, brothers who were from this parish, were part of this family.

Another letter, dated 1938 with a donation was sent from the Rice Hotel in Houston, Texas (1938) from James (last name indecipherable) whose long business trip kept him from the Easter Masses.

A few other letters were about other matters such as this one from Marguerite Sullivan who wanted a recommendation for a day camp for her son:

**Andrews-Adler Processing Company, Inc.**  
**Manufacturers of**  
**Rubber Thread and Elastic Yarns**  
**120 Ash Street**  
**Akron 8, OHIO U.S.A.**

15 May 1951

Dear Father,

I was wondering if you might know of any day camps where I might send young Louis this summer. He is at an age where he needs almost constant supervision. He is a very happy and good little boy, Father, and I want to keep him that way!

Mrs. Sullivan

And lastly, this week, is a letter concerning children's rubbers and winter hats at school:

**GENERAL TIRE & RUBBER COMPANY**  
**General Offices**  
**Akron, Ohio**  
**136 Westover Drive**  
**March 1, 1938**

Reverend Father:

Subject: Apparel Losses  
James N. Gillen - Third Grade (class of 1943)

I understand you are somewhat of a stickler for small matters and I am anxious to call your attention to the fact that the above boy of ours, during the last couple of months, has lost a pair of rubbers and a brown woolen hat in your school, and he does not seem to be able to retrieve the articles.

Apparently, he has a fear of either reporting to the Sister or feels that it is impossible to do anything about it, in spite of the fact that I understand you have a "Lost and Found" box for such a purpose.

Evidently, these items have been taken by mistake, because I believe in each instance there was another pair of rubbers and another hat left in place of the ones taken from Jimmie.

In this connection, I tried to tell him that the proper thing to do was to report the matter to Sister so that she could affect the exchange, but apparently this was not done and I have told him we absolutely refused to buy him either new rubbers or hat to be lost carelessly over at school. I would appreciate your turning the matter over to the proper person in charge of such things.

Very respectfully yours,

F. D. Gillen

Protector Against the Plague**

Glorious Saint Sebastian, you who had great courage, help us to be witnesses of Jesus before this unbelieving world as you have brought others to Christ.

Help us to have the love of neighbor that you had and to give our lives for our brothers, even in difficulties and dangers.

Help us to have faith in the pains of life as you endured cruel martyrdom.

Protect all soldiers, military and police against every danger in their work.
